

Making Connections With ...The Unchurched

Connecting with *OTHERS* for God's glory.

Why should the body of Christ be involved in connecting with **OTHERS**? Because that is the end result of what Christ is looking for in our relationship with Him.

When you are saved, you possess the Presence of Christ in you. Which begs the question: What do you think Christ is going to do about His presence in your life?

He tells us what He wants to do in both the Great Commandment and Great Commission mandates. He wants to use us to "**IMPACT**" *others*.

Imagine Making People A Christ-like Testimony

- Why should a person or church use **IMPACT**?
- Why teach witnessing and connecting with the *unchurched*?
- Why should the local church be trained and equipped in **IMPACT**?

Because: **IMPACT** is what we were created for and it is God's plan and purpose for our lives in Christ, Jesus, our Lord and Savior.

"As the Father sent me, so I am sending you" (John 17:18, 20:21), says Jesus, in His final instructions to the disciples He chose.

This material will aid local pastors and congregations in developing a Christ-like mindset to connect with **OTHERS** (people in your sphere of influence) – being sent as Jesus.

The material is not a program, but a self-directed teaching of what we can do on an everyday basis, as we *each* live our ordinary lives, looking for opportunities to be a *contact for Jesus*, connecting with **OTHERS** naturally, helping them encounter God in fresh new and significant ways.

IMPACT is not a ministry. It is not a mechanical process or steps to witnessing. It is a *lifestyle*, a practicing of the Great Commandment and Great Commission in tangible everyday ways. It's the natural way of *doing* and *being* what we were created to be – the presence to Jesus to **OTHERS**.

IMPACT materials:

- Various Bulletin Inserts
- Self –directed training material to be used either corporately or individually.
- Power Point presentation
